

[刃牙] THE BAKI JOURNAL

By Ichido Reichan

OOOWWW man, these are the three hardest months of the year, and thank god we are close to December, here we are once again with the Baki Journal, with the juiciest news about when the %\$%% your new Baki book will be scanned again, many rumors keep surrounding us but Ichido Kun is still here working, and luckily, we are being supported by a string of luck that keep us going.

The two most amazing guys are working for us right now, our translator SPAMDIN! that kindly is translating a couple of volumes for us (yeah, we are cover on book 7-8 and possibly 9) and one of our newest editors DEDMAN that, without a joke, almost took the edition of book 6 entirely by himself, and I need to recognize that, if it weren't for them, I would not be motivated enough to keep releasing Baki, I almost threw everything away until I realized I'm not alone, so we will keep fighting for as long as we can do this manga.

In the personal note: I been taking a long break from Baki due to my flying school lessons, trying to get a PS3 to sell it on EBAY, and writing my personal stories on myspace.com There is this girl y'know, that I been trying to impress for almost 10 years (We used to be pen pals, long story) but today is her birthday and I know FOR A FACT, that she will be reading the blog that I'm writing tonight (It will be called CHAPTER 3: ~THE STORY OF HEATHER C ~ so, after you finish reading Baki, if you make me a favor, I will do something in return.

Visit <http://www.myspace.com/grekito> and click on the blog that say "Chapter 3: The story of Heather C" read it and post a funny or a nice comment (please keep it nice) about the whole story, Im practicing writing (plus I got a somebody to show that story) If the comments are higher than 400+ I will post a blog this saturday with all the websites where you can find ALL THE RAW BOOKS of Baki including the current son of Ogre chapters, also I am planning to release something called BAKI:THE GRAPPLER MEMORIAL that is nothing more than the first book of each saga in one file (Grappler Baki vol 1, Baki the search of our strongest hero 1, Hanma Baki Son of Ogre 1) this would be a perfect introduction to new fans , as well as a chance to retouch some past chapters and bring the whole new SON OF OGRE 1 complete in english for the first time, we got the scripts for all this, so if you don't mind to post in my blog a s a favor, I can help you to get more Baki too.

Next book will be Baki 7, is confirmed that we will get the scripts and the wait will not be a long one, so when you visit myspace, you will actually have a chance to know more about the crazy leader of the WILD FANG PROJECT.

So I will be waiting for your comments on CHAPTER 3: THE HEATHER STORY tonight, if it's not up, come back tonight before 11:00 PST

see ya
